Collision Damage Waiver

uhaul.com
Customers are responsible for all new damage to a rented U-Haul® pickup truck or van up to the vehicle’s full value.

Contractor/Delivery Corporate Account customers need to provide a commercial certificate of insurance from an insurer that A.M. Best has rated A or better or that has a financial size VIII or better with U-Haul Co. of Arizona named as an additional insured or select CDW coverage. By purchasing CDW, customers can reduce their liability for most accident damage to the U-Haul rental truck which is subject to the $1,000 deductible.

CDW is intended to cover only normal, unintentional, accident damage that may similarly occur to an individual’s own vehicle even when they have taken reasonable precautions to prevent it.

The CDW does not relieve a customer of responsibility for damage resulting in any of the following:

- Damage resulting from abuse, misuse or negligence.
- Roof damage (scrape, dent or paint transfer).
- Damage resulting from off-road use of the vehicle.
- Cut, blown or damaged tires (due to negligence or abuse).
- Damage to the truck bed (box), cargo area, tailgate or cab that is the result of overloading, improper loading or failure to secure the load.
- Damage to the interior of the cab or cargo area.
- Overhead damage.
- Theft of parts.
- Damage that results from the failure to comply with the terms of the rental contract.

When applied, the $1,000 deductible is in addition to the CDW fee paid.
