

Stock No. F270950

Patio Heater

MODEL NO: MH40PH

- **Powerful 40,000 BTU Heater**
- **Quality Stainless Steel Finish** - Components manufactured from stainless steel to insure years of dependable performance.
- **Adjustable Bar Table** (Patent Pending) - Exclusive milled finish, offered as standard, turns the heater into an entertainment center.
- **Innovative Wheel Design** (Patent Pending) - Hide-a-Way wheels make transportation easy. Wheels are hidden while the unit is in operation.
- **Controls** - Operator friendly, reliable Piezo igniter; control knob has off, pilot position, and low to high variable.
- **Energy Efficient Design** - Generates more heat than competitors with less gas usage (validated by thermal image testing).
- **Variable Heat** - Provides maximum comfort. Most competitors only offer low and high setting.
- **Designed For Safe Operation** - Heater features a flame safety, shutting off the gas supply if the flame goes out, a tip over switch and a wind resistant pilot light.
- **Insect Proof** - Design eliminates possibility of small insects entering the gas train and blocking flow.
- **Easy To Assemble** - Easy to read and understand instructions, fasteners are individually packed to eliminate confusion.
- **Innovative Carton Design** - Minimizes cube, great for retail, foam provides maximum protection, separate packaging for fasteners.
(Dimensions: 14.75"L x 31.75"W x 31.75"H)
- **Warranty** - 1 Year Residential; 90 Days Commercial
